

**PACK 49 –
2ND HARVEST FOOD DRIVE
AREA ASSIGNMENTS**

Tigers

The area bounded by Boyce, Fife, Lincoln and Channing. This includes Addison in the middle of the area. For each of the streets except Addison, be sure to do just one side of the street (the side closest to the rest of your territory). For example, on Fife, just do the side that is farthest away from University. Addison is the only street where you should do both sides of the street.

Wolves

The area bounded by Lincoln, Pitman, Center and Channing. For each of the streets except Martin and the cul-de-sacs (Somerset Pl, Tevis Pl, etc), be sure to do just one side of the street (the side closest to the rest of your territory). For example, on Pitman, just do the side that is closest to Channing. Do both sides of Martin and the cul-de-sacs.

Bears

The area bounded by Lincoln, University, Center and Pitman. For each of the streets except Forest, Dana and W. Crescent, be sure to do just one side of the street (the side closest to the rest of your territory). For example, on University, just do the side that is farthest away from Menlo Park. Do both sides of Forest, Dana and W. Crescent.

Webelos I

The area bounded by Boyce, Hale, University, Lincoln and Fife. For each of the streets except Forest, Chaucer, Hamilton and the cul-de-sacs (Hamilton Ct, Forest Ct, etc.), be sure to do just one side of the street (the side closest

to the rest of your territory). For example, on Lincoln, just do the side that is away from Dana. Do both sides of Forest, Chaucer and the cul-de-sacs.

Webelos II

The area bounded by University, Hale, Boyce, Channing and Middlefield. For each of the streets except Seneca, Forest, Hamilton and Fulton, be sure to do just one side of the street (the side closest to the rest of your territory). For example, on Boyce, just do the side that is closest to University. Do both sides of Seneca, Forest, Hamilton and Fulton.
